**DETAILED ACTION**

***Election/Restriction***

1. Applicant's election with traverse of Embodiment I, claims 1-6 and 12 is acknowledged. Claim 1 is generic to all remain claims (non-elected claims), when claim 1 is allowed, all the non-elected claims depending on claim 1 will be allowed.

The requirement is still deemed proper and is therefore made FINAL.

***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-6 and 12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The expression "within an interconnect layer comprising a part of a sacrificial material and extending beneath an intermediate layer of permeable material" is unclear. It is unclear that what element in the IC is "within an interconnect layer comprising a part of a sacrificial material and extending beneath an intermediate layer of permeable material".
